FINAL THANK
YOU

There is a queen in China, or maybe it's in Spain,
And birthdays and holidays such praises can be heard
Of her unblemished lineaments, a whiteness with no stain,
That she might be that sprightly girl trodden by a bird;
And there's a score of duchesses, surpassing womankind,
Or who have found a painter to make them so for pay
And smooth out stain and blemish with the elegance of his mind:
I knew a phoenix in my youth, so let them have their day.

There'll be that crowd, that barbarous crowd, through all the centuries,
And who can say but some young belle may walk and talk men wild
Who is my beauty's equal, though that my heart denies,
But not the exact likeness, the simplicity of a child,
And that proud look as though she had gazed into the burning sun,
And all the shapely body no tittle gone astray.
I mourn for that most lonely thing; and yet God's will be done:
I knew a phoenix in my youth, so let them have their day.

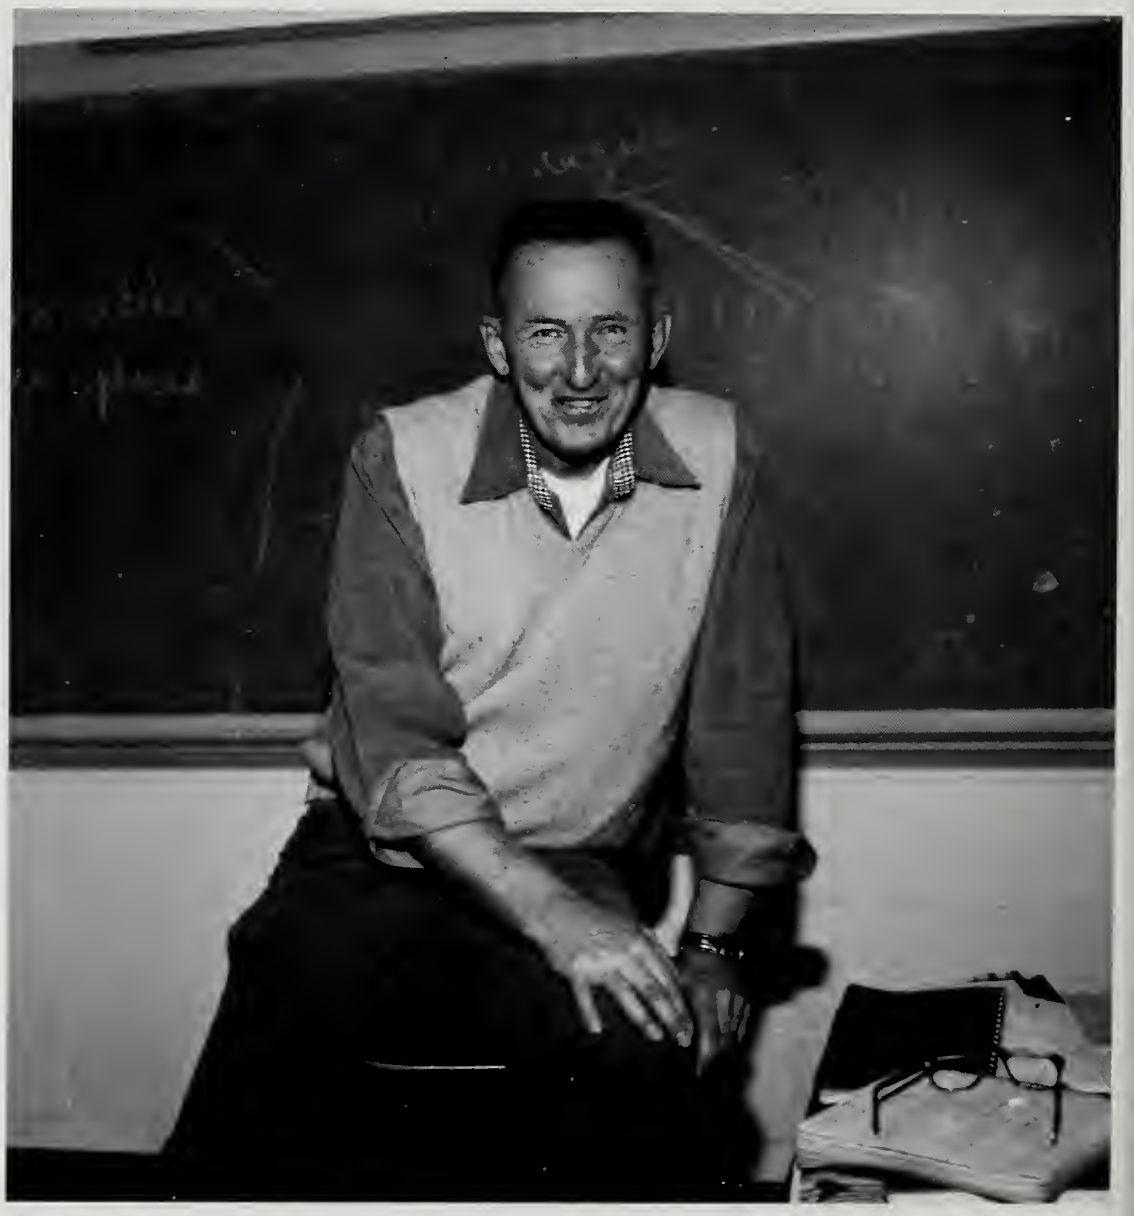
Teacher of the Year

MR. RICHARD SCANLON — Psychology



The class of 1988 is proud to announce the selection of *Mr. Richard Scanlon* as "Teacher of the Year." This is always a very difficult choice, because while there are many teachers who stand out in our memory as being good at one thing or another, the "Teacher of the Year" award must go to that person who is memorable for all of the above, or in some cases, most of the above.

Although Mr. Scanlon always comes across as an interested, caring person who genuinely likes his students, and as a hardworking, fun-loving coach who understands the importance of athletics in the school experience, those were not the reasons he was chosen for this award. His students like coming to his classes: it's never a period in the day to be dreaded, avoided, or cut; it's never dull, repetitious, or humiliating.

Mr. Scanlon has been a guide in the learning process, a fellow traveler down the long road to better understanding ourselves and the world around us, and we have appreciated his company.

Mr. Scanlon's Poem

For your knowledgeable teaching in your psychology classes
For your help in showing soccer players those clever little passes
For your friendliness in the halls that makes the day go by
And your pushing us to the limit to help us reach the sky
For your soccer and baseball years and years of coachin'
And for yelling at your players to somehow "have a notion"
For Mary and Alice and throwing people out of class
And for your tough courses where we have to work so hard to pass
For your famous spiked hair with which you set a trend
And your reputation for being one on whom we students can depend
You're known by all your students affectionately as Dick
And that's why you're this year's Teacher of the Year Pick
We know you've won this award many times before
And we know you'll beat Ms. Basmajian for it many times more
You're a special teacher in the hearts of all you've taught
And this will not be forgotten when we go to give college a shot
This has summed up four years that have gone by so fast
For your dedication, support and kindness, Thank you, Dick, at last.

— Mike Lombard

The Wilmington Wildcats wrapped up a wild and wooley year on the gridiron. One of the team's outstanding memories of the season was the Central Catholic contest. Central had 100 kids out for football this season, and the Wildcats still trounced them 14 to 6! We'll never forget the dynamite defense of Dickie Hersom with lots of hitting and lots of heart.

As a squad, the Wildcats never gave up, never failed to give less than their all and won a reputation as being a good hard hitting team. The big game of the season, Thanksgiving, could have gone either way. The teams were pretty evenly matched. Fate decreed that luck went with Tewksbury. Weather was a big factor that day — torrential rain, slippery balls, slick footing and muddy moves all added to the team's woes.

Hats off to the seniors, who stuck with the program through two tough years. Pat Nally will be adding his skills to the team at Westfield State College. Dan Woods is learning toward Springfield. We know that they'll bring to their new schools the qualities of teamwork and sportsmanship which made the Wildcats such a close knit squad of close friends. Many thanks to our dedicated coaching staff who made such a difference in our lives. We'll never forget them or the Fall of '87.

The Wilmington High School Gym was transformed into a series of pathways to be followed along the "road to a healthy heart." The entire Wilmington School System, elementary through High School, participated in the fair. Elementary students manned booths, made posters and exhibits that promoted good health, nutrition and exercise. The high school sponsored an electrocardiogram, computerized nutrition and scale models of the circulatory system.

Many local groups like The Samaritans, The Arthritis Foundation, The American Cancer Society, Alcoholics Anonymous and Seat Belt Safety had demonstrations and information booths. Free blood pressure screening was available as well as cholesterol testing. Teachers, students and the community all collaborated to make Wilmington a more health conscious town.

The wind sits in the shoulder of your sail,
And you are stayed for. There — my blessing with thee,
And these few precepts in thy memory
Look thou character. Give thy thoughts no tongue,
Nor any unproportioned thought his act.
Be thou familiar, but by no means vulgar.
Those friends thou hast, and their adoption tried,
Grapple them unto thy soul with hoops of steel,
But do not dull thy palm with entertainment
Of each new-hatched, unfledged courage. Beware
Of entrance to a quarrel; but being in,
Bear't that th' opposed may beware of thee.
Give every man thine ear, but few thy voice;
Take each man's censure, but reserve thy judgment.
Costly thy habit as thy purse can buy,
But not expressed in fancy; rich, not gaudy,
For the apparel oft proclaims the man,
And they in France of the best rank and station
Are of a most select and generous, chief in that.
Neither a borrower nor a lender be,
For loan oft loses both itself and friend,
And borrowing dulleth edge of husbandry.
This above all, to thine own self be true,
And it must follow, as the night the day,
Thou canst not then be false to any man.
Farewell. My blessing season this in thee!

Teammates recall the game against Lowell as the most memorable in the season. Lowell had an experienced, winning team who went to the States semi-finals, and the odds makers weren't favoring the Wildcats. In a stunning upset, we beat them by seven points. That game also marked the first time all five WHS players scored in double figures. Tom Moran lent excitement to the Haverhill game by winning with a three pointer at the buzzer! Mike Lombard scored his 1,000th point in the Chelmsford game, being only the second player in WHS history to achieve that feat. The first record was set in 1955, and trivia buffs can guess the record holder. Tewksbury is still reeling from the defeat which knocked them out of first place and kept them from winning their division. Mike Lombard and Jaimey Robichaud made All Star, Mike's strengths being rebounding and scoring and Jaimey's offensive scoring. Mike Lombard went on to the All Conference. Mike is looking forward to playing for Dartmouth or U.N.H. next year. Summing up the best aspect of the season, the team unanimously voted for Camaraderie. They also voted to wipe out all memory of the Christmas Tournament Fiasco. No mention will be made of the loss by one point at the buzzer. Many thanks to Coaches Dave Orndorff and Larry McGrath.

BASKETBALL

1987-88 Basketball Team. 1st Row, L to R: Kristen Peters, Amy LaVina, Amy Caruso, Amy Hamilton, Danielle Fay. 2nd Row: Coach Thibeault, Gina Martiniello, Ann Marie Anderson, Kristen Cavanaugh, Jen O'Donnell, Brenda Jones, Maureen Robinson, Cindy Elliot.

HOCKEY

This year's Wildcats finished off a strong season with a 10-7-3 record, 7-5-3 in the M.V.C. This fine year led to a berth in the state tourney where we finally bowed to Arlington Catholic. This was Wilmington's first tournament game in three years after not qualifying for the past two years. Results came from the strong performances of the Wildcats six seniors: Tim Moran (Capt.), Dennis Topping (Capt.), and Jim Murray (Ass't. Capt.), followed by Scott McMillan, Joe Magliozzi, and Mario Martinello. Much of the year's success was due to Coach Cullen who pushed hard all year long, and refused to let the team give up. Much help also came from the assistant coaches Steve Scanlon and Bob Cunio.

Hockey Team. 1st Row L to R: Joe Viera, Mario Martinello, Capt. Tom Moran, Ass't Capt. Jim Murray, Capt. Dennis Topping, Scott MacMillan, Joe Magliosi, Chris Cullen (water boy). 2nd Row L to R: Ass't Coach Bob Cunio, Ass't Coach Steve Scanlon, Mike Carlson, Mike Dunn, Chris MacMillan, John McGrath, Steve Holbrook, Mike Smith, Mike Mercuri, Coach Cullen. 3rd Row: David Murray, Jay Pilcher, Dennis O'Donahue, Chris Ward, Matt Lopez, Eric Pote, Steven Michael Murray, Frank Murray.

The most memorable game of the year was the second game against Tewksbury. They were #2 in the state and Wilmington tied them. Other memories were singing Christmas Carols and the "Flintstones" on the bus, and our outstanding M.V.P.'s: Dennis Topping who was quick and always got goals when we needed them, Steven Murray who gave a solid steady performance all year and Jim Murray who persevered despite a badly wrenched shoulder during the season.

The only blot on the team's season was the lack of support for the team which enjoyed no rally, no bus for the fans, no cheerleaders or publicity. Why???

WRESTLING

The 1987-88 Varsity Wrestling Team Members were: Mike Connell, Matt Dalke, James Sarasin, Don Sullivan, Kevin Brennan, Allan Tate, Jeff MacDonald, Tim Penney, Chris Allen, Roger Trow, Dave Gidari, R. J. Pozzi, Dave Feyler and Crias Corrigan. Captains were Don Sullivan and Allan Tate. J.V. Team members included Brian Murray. Chad Halliday, Steve Shepardson, and Frankie MacDonald. The J.V. Team was a very competitive force all season.

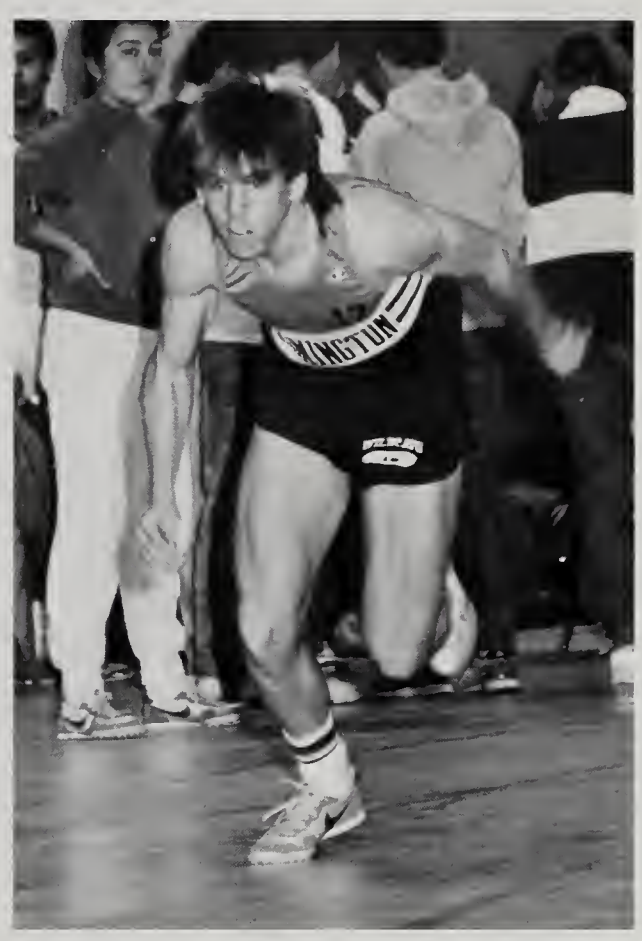
Wilmington High School's wrestlers enjoyed an outstanding season. Even though the team record was only 5-15-1, individuals performed extremely well. All of the following qualified for the State Tournament: Don Sullivan 17-4, 4th in MVC Section: Kevin Brennan 17-3-1, 2nd in Section; Allan Tate 7-5, 4th in MVC 5th Section: Dave Gidari 15-5, 4th in MVC 4th Section. Outstanding Performance goes to Don Sullivan who pinned the #1 seeded wrestler of the State Tournament in 31 seconds. Most Memorable was the North Reading meet. This was the first team victory of the season. The Wildcats won the next to last match, giving them a close 42-36 victory.

WILMINGT
WILMINGT

1987-88 Track Team. 1st Row, Left to Right: John Carter, Joe Linnehan, Paul DeFronzo, Kevin Cripanuk, Paul Maiella, Dave Patterson, Ron MacNeil. 2nd Row, L to R: Matt Ouellette, Brian Gillespie, Larry Flynn, Chris Flores, Tom Murray, Coach Frank Kelley. 3rd Row: Patrick Rogers, Stephen Pepe, David MacMullen, Richard Whitney, Adrien Griese.

The 1987-88 season was one of the most exciting in the annals of track at W.H.S. A never to be forgotten day was the meet with Tewksbury. Even optimistic Coach Kelley had little to say about the team's chances for success. It turned out that it was just one of those days when it all came together. The Wildcats blew them away with solid, steady performances by each runner on the team. Conversely, a sad, unexpected turn of events was the Chelmsford cancellation due to a death on the team. During a practice run, John Carson, a Chelmsford runner, was hit by a train and killed in front of his teammates. Superstars for the year included Kevin Cripanuk who qualified for the Easterns at Princeton and on to the Nationals at Yale. Kevin's forte is high hurdles. Sue McFadyn went to All State in the 300. John Carter came a long way from his 7:30 mile of sophomore year to his 4:55 time senior year. Paul DeFronzo logged the most number of accidents in a four year career, with two broken legs and two sprained ankles, all under "freak" circumstances. Sarah Soule, freshman with a handle, was outstanding in the 300, garnering the fastest time in the league. The track team looks like there's a great future ahead.

Track Team. 1st Row L to R: Sarah Soule, Wendy Shelley, Winnie Carsaro, Susan McFadyn, Nicole Husen, Coach Carl Dimaiti. 2nd Row: Denise Curran, Sherry Matulewicz, Stephanie Carter, Jill Martyn, Bonnie Trout, Kristen Palm, Jill Suprenant. 3rd Row: Stacy Maglio, Mary Fisher, Kristin Deming, Jackie Lutz, Anna Zukas, Amy Josephson, Susan Sweet, Ann-Marie Walsh.



GYMNASTICS

1988 Girls Gymnastic Team. Front: Captains Deanna Polizzotti and Alicia Cuoco. Back, L to R: Susan McNamara, Kristina Przyjemski, Jodi Demos, Melissa Peters, Donna Mickle, Tracy Greer, Maura Tully and Colleen Dunham.

All of the members of the 1987-88 Girls Gymnastics Team agreed that this was one of the most successful seasons the sport has ever enjoyed at W.H.S. Co-captains Deanna Polizzotti and Alicia Cuouco set the tone for the year. Everyone enjoyed the competition and working together. The highlight of the season was coming in third in the M.V.C. Competition and making it all the way to Sectionals. Tracy Greer made it to the States on Balance Beam and won an M.V.C. trophy. The team was coached by the talented Karen Lemone.

BASKETBALL CHEERING

Cheering Squad. 1st Row L to R: Amy Labossiere, Capt. Christine Smith, Capt. Michelle Scott, Jennifer Cuoco. 2nd Row: Nicole Zarella, Kara Swazey, Jennifer Bissett, Kristen Southmayd, Karen Cutone. 3rd Row: Coach Mrs. Cosman, Dianne Sullivan, Michelle Eddy, Jean MacKinnon, Michelle Deveau, Jennifer Hayden.

CLASS HISTORY

In 1984 we entered Wilmington High School as nervous Freshmen — along with us came a new principal, Mr. Paul T. Fleming. As we began our four years at Wilmington High School — the renovations also commenced. Once we overcame our freshman insecurities — we held the first fundraiser for the class of "1988" — which was selling M&M's.

Sophomore year moved us up the high school social ladder. We had various fundraisers such as a car wash and a Hawaiian dance. Our class also held a half way there Chinese Food Dinner at the Villanova Hall. With Sophomore year — came the first Girls Soccer Team. Also, during our 2nd year in this school, we witnessed the tragic explosion of the space shuttle, leaving the school as well as the world in a state of shock and remorse.

Before we knew it, we were Juniors and at last considered upperclassmen. We sold lollipops to raise money for the class and this fundraiser turned out to be extremely profitable. The Junior Prom at the Westford Regency was a great success with Beth Sheehan as Prom Queen and Chris Allen as Prom King. Junior year was topped off by Tim Fay's "SPUR OF THE MOMENT SWIM." Although most of our Junior year consisted of good memories — unfortunately — Mr. Lynch's illness left us not only with one less vice-principal; but we were all greatly affected by his misfortune.

The first three years of high school passed by so quickly that it was hard to believe we were really Seniors. Senior year the football team opened up the season with a win which was their first and last. The Homecoming dance followed and was a tremendous success with Annette Tolini as Queen and Scott McMillan as King. This year was just incredible for our team sports. The Field Hockey team became MVC Champs, while the hockey team made it to the states. David Gidari, Allen Tate, and Donald Sullivan all proved to be outstanding wrestlers, while Amy Levina became the field hockey MVP and Amy Caruso was all conference field hockey and an all star basketball player. Susan McFadyen, Winnie Corsaro, and Kevin Cripanuk broke all kinds of track records as they excelled in their chosen events. Mike Lombard definitely demonstrated his athletic ability during basketball season and he became a member of the Street and Smith All American Team. Angela Lin also demonstrated her intellectual ability by becoming the recipient of the National Merit Scholarship. Liz Morris also managed to attend the DECA Nationals in Salt Lake City. One of the biggest highlights of our Senior year was Jeff Murphy. Jeff has received many musical awards and was chosen to travel to Japan with the Greater Youth Boston Symphony Orchestra. Some of the most memorable events the class of 1988 has experienced are the "88" day party, the Senior picnic, the blood drive, and the Olympics. Our class would like to extend its greatest appreciation to Ms. Hayes for helping us make our Senior year the BEST EVER. The Senior prom was held at the Burlington Marriott and this year's Prom King and Prom Queen were Mike Lombard and Susan Killilea. With regards to the Senior Prom the class of "88" is especially thankful to Ms. Woodman for all time and effort that she spent helping us organize this event. Without her — the prom would not have been possible! The Senior Show "GOOD MORNING WILMINGTON" directed by Mr. Cain was a great performance and definitely earned rave reviews.

IT'S FUNNY HOW HISTORY REPEATS ITSELF — AS FRESHMEN IT SEEMED OUR HIGH SCHOOL YEARS WOULD LAST FOREVER. HOWEVER, BEFORE WE KNEW IT WE WERE "THE BIG SENIORS" AND NOW — ONCE AGAIN WE ARE IN A SENSE — SCARED AND NERVOUS FRESHMEN ENTERING THE REAL WORLD OUTSIDE OF WILMINGTON HIGH SCHOOL WALLS.

I'd like to wish the best of luck to everyone!!!

CLASS PROPHECY

Welcome Class of "88." Tonight (June 12th in the year 2003) we are celebrating our 15th reunion. Gathering everyone together tonight has been a difficult task, because many of our old classmates are scattered throughout the universe seeking fame, fortune, and happiness.

Let me briefly describe the lifestyles of some of our classmates. The employment that some of our former classmates have adventured through varies from exciting and fun to strange and unexpected.

Suzanne Curtin has been given the opportunity to show her remarkable musical talents by playing with the Boston Pops.
Paul DeFronzo has followed in Mr. Kelley's footsteps by becoming an obsessed math teacher and an overworked track coach.
Jennifer Campbell and Alicia Cuoco have both found fame and fortune on Broadway.
Keri Bova has become the next Dr. Ruth with Chris Allen as her first case.
Mario Martinello is the King of the Mafia.
Rocking Ron MacNeil is presently a jamming D.J. for WAAF.
Melissa Mullen is now the proud president of AA with members of AA being Dave Gidari and Jimmy Murray.
Joe Linehan is now a renowned artist who began his incredible career by painting the wildcat on the wall of W.H.S. Gymnasium.
Karen Snyder has made millions of dollars after being named the top female singer of the year.
David Hale, the channel 5 meteorologist, has predicted numerous hail storms and has helped many people prepare for their day.
Jenn Ryan now owns her own dance studios all around the country. She teaches young children how to dance "The Pee Wee Herman."
Kevin Yetman has fulfilled his life long dream of entering space by becoming a famous astronaut and being the first man to walk on Mars.
Terry Murray is currently employed as the number one bodyguard for Sylvester Stallone and his lovely wife Beth Sheehan.
Greg Breen is now touring the country showing off his musical talents while Christine Flaherty is following closely as a devoted groupie.
Meanwhile Jeff Murphy has traveled the world playing drums, keyboard, and the guitar with numerous famous musicians like David Lee Roth and Van Halen.
Danny Cadigan has also found stardom as the stardom as the star dancer on Solid Gold.
Cathy Nistico is still getting up to make the donuts.
Amy Caruso and Kelli Pazyra are working with the Red Cross and donating blood to all of those in need.
Working right at our old high school as the present advisors to the science club, Lisa LaRacque, Heather Neil and Coral Stratos will be found holding the annual bake sale and car wash this Saturday in front of the High School.
The lives of many of our classmates have been devoted to the world of fashion.
Kim Bentley is the proud inventor of "You Will Not Move" hairspray.
While Tammy Russo is the current owner of a small boutique where you can buy clothes to match your eyeshadow.
Heather Cram, keeping up with the latest fashions, has colored her hair purple.
Unfortunately due to the use of too much hairspray and gel Barbara Shdeed has enrolled herself in a Hair Loss Clinic.
And not to anyone's surprise Annette Tolini has become a top fashion model — I guess wearing those mini skirts paid off.

Fashion is not the only interest many have ventured in. Because of the large amount of athletic talent, many have found success in sports.
Little Mile Connell has put on a few pounds to become a famous Sumo wrestler.
Timmy Moran, Jimmy Murray, and Dennis Topping have formed their own undefeated, Stanely Cup winning hockey team.
Amy Hamilton and Amy Levina have both been awarded gold medals in the 1996 Olympics.
Michelle Scott and Kelli Pazyra have discovered the sport of professional cheerleading.
Joe Magliozzi has been named "Outstanding Coach" of a gold medal winning Olympic team.
After college, Mike Lombard went on to be a professional basketball player and has already been inducted into the Basketball Hall of Fame.
And finally with Allen Tate as his coach Donald Sullivan is currently the lightweight champion of the World Wrestling Federation and soon will be wrestling against Hulk Hogan himself.

Many strange things have also happened to members of our class. Chris Ciampa is presently holding the Guinness Book of World Records' title for the longest lingering cologne. While Cindy Elliott is holding the title for the quickest babbler.
Desiree Rowland's laugh is now being used for sound effects in war movies.
Kevin Cripanuk is still hobbling around on crutches.
Timmy Fay has dived off the ocean line cruiser and is now lost at sea.
Trying to fight the battle of the bulge, Ann Law and Paul Maiella are presently attending a fat farm.
Lorrie Berger, Stephanie Rosa, and Susan Claire have all graduated from college with degrees in public speaking.
Kristen Sencabaugh is still complaining about everything.
Liz Morris is still attending high school proms. And Ernie Boudreau is still wearing his famous T-shirts.
The Hill brothers still can't be distinguished from one another even with short hair cuts.
Once a fan always a fan — Joanne DeLuca still attends every Bruins home game.
Due to excessive laughter Cindy Elliott's eyes were frozen shut, but after a major break through in science, Ernie Botte, the mad scientist, has cured Cindy's eyes.
Laurie Rowe disappeared after visiting Spain in her senior year until this evening when she arrived with her Latin Lover.
Lynn Newhouse is currently serving time for the brutal massacre of the entire Brady Bunch clan.
Dan McConoloque has also spent time in jail for his wreckless driving.
Christine Smith and Donna Ribeiro have attempted unsuccessfully to home perm Angela Lin's very, very long and straight hair.
Congratulations to Todd Huebner and Susan McNeil for having actually been at work for one entire day.
Following Daryl Whittemore's advice, Melissa Jamerson will finally settle down with the guy of her dreams.
And Lauren Scalesse is still as gullible as the year we graduated.
Tonight we were going to have Joe McMenimen host the reunion but fortunately he has been suffering from laryngitis and a migraine forehead-ache.
Love and happiness have also been found by many of our classmates. David Camell and David Hale have married Greek twins and now own the Wilmington House of Pizza.
Janice Craig, as expected, has married her long beloved boyfriend Steve Williams and lives happily in a little while house with a white picket fence.
Danny Woods and Deanna Erwin are celebrating their 10th anniversary and the birth of their 2nd set of triplets.
Carolyn Jones has married a blind date, while Sean Keogan went stag to his own wedding.
Cathy Richardson and Craig Bosworth have married and are living happily.
Julie Galvin is still hopelessly in love with Mike Michaud and living in Hawaii.
Carrieann Hunt and Missy Lyons designed the flower arrangements for the wedding of Pat Nally and Tracy Naimo.
And poor Susan Killilea is suffering from the Stiff Neck Syndrome from stretching to kiss her honey Mike Lombard.
On the night of Tiffany Outridge and Ronnie's elopement, Tiffany supposedly slept over Kelli Pazyra's house.
And we would like to extend our congratulations to Susan McFadyen for marrying into Jonathan Oliver's harem of 24 wives.
Unfortunately we hear Laura D'Ambrosio and Danny Cadigan are seeking marriage counseling from Daryl Whittemore.
While Lisa Raso is receiving psychiatric help because of her many male related problems.
Before we all leave I would like to update you on the current news of Wilmington High School.
Mr. Fleming is still interrupting class to implore the students to follow the strict policies of the student handbook.
Mr. Kelley is still roaming the halls trying to convince students that they could be track stars like Susan McFadyen, Winnie Corsaro, Kevin Cripanuk, John Carter, David Paterson, and Paul Maiella.
There is also some good news and some bad news.
The Wilmington High School Varsity Football team has lost its 150th consecutive game. While the Field Hockey team is still MVC champs.
But all in all W.H.S. has not changed too much except for the fact that it misses the Class of "88" very much!
For all those classmates that we could not locate we would like to wish them the best of luck and hope they have accomplished everything they have strived to do. Goodnight, I hope to see you all in 10 years.

VALEDICTORY ADDRESS:

In 1976, the Class of "88" embarked on a journey lasting 12 years, a journey that comes to a conclusion today. You'll recall that during 1976 our country celebrated a year of pride.

Pride In our way of life
In our form of government
In our first 200 years as a nation.

As we gather today, we are surrounded by those who are deeply proud of *our* accomplishments. Proud of *our* performance and *our* desire for success during the past 12 years that culminate today.

The purose of public education is to provide a learning foundation from which we will continue to grow.

Education is *More* than teachers
More than classes
More than textbooks.

Learning is a process that *never* ends. Every day we observe, analyze, and store the wealth of information that surrounds us. The resourceful use of what we have learned is equally important as the material studied.

What good is learning . . . Spanish
Algebra
or Physics

If we don't possess the knowledge to apply these to real-life situations. Formal education does this, but that is only a beginning.

As the Class of 88 graduates today, we await the next step of our educational process.

Whether it be . . . Going on to college or training school
Enlisting in the military
Or entering the workforce

We each have somewhere to go and something to learn.

The advantage doesn't lie in what your S.A.T. scores were or where you held your rank in class, but what you are willing to learn, and how much *pride* you take in your future.

As I was reading yesterday's Lowell Sun, an article told of a Lowell woman, who through personal difficulty, the great depression, and in most recent months a severe heart attack, still persevered and, at age 78, beaming with *pride,* accepted her hard earned and long awaited dream . . . her high school diploma.

May the Class of 1988 leave Wilmington High with that same feeling of *Pride* and accomplishment.

Thank-you.

DAVID PATTERSON
